A few tips on Crime Prevention Through Environmental Design:

- Keep shrubs trimmed so they do not block the view of windows and doors.
- Crime is less likely to occur if the criminal feels it will be hard to get in
 - or that escape routes are blocked.
 - Keep exterior lights in working order.
- Illuminate parking lots with adequate lighting.

"Before we had Northwest Enforcement we experienced problems with car break-ins, graffiti and vandalism. Now we have a security team with a proactive approach to deter and detect potential trouble before it arises and causes major problems for our guests and us. " -Debbie Kauffman, LaQuinta Inn G.M.
