

FOR METRO PRESIDENT

## Leading Our Region to Economic Prosperity

Our future depends on putting people to work, but within a sustainable economy that continues to create new employment opportunities for living wage jobs. We can grow local businesses that are energy efficient and in doing so create thousands of new, green jobs. Together we have the chance to build a prosperous regional economy that stimulates job creation and at the same time fosters environmental stewardship.

## Rex Burkholder Has the Experience We Need to Build Our Economy

> Rex led Metro to approve \$38 million of new transportation projects, creating 1,600 jobs in the tri-county area.

> Rex secured millions of dollars to build freight rail and port projects critical to trade and our economy.

*"I endorse Rex because he has been willing to take on the tough challenges such as preserving our valuable water and forest resources while leading the region's transportation planning. He has the leadership skills to move Metro beyond process and into the challenges of a rapidly changing business environment."*

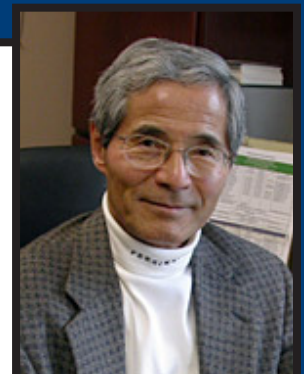

**Jim Bernard**

Clackamas County Commissioner

*"Rex is passionate about Metro's mission. He strives to fully understand issues surrounding urban sprawl and livable communities. As he does this, he listens to the concerns of the business community, because livable communities attract quality businesses."*

**Hiroshi Morihara**

President and CEO, HM3 Energy
