

AM Business Connection

Local charities receive up to 50% of their total donations during the holidays.

- **How do their services impact the community?**
- **What part do donations play?**
- **What needs remain unmet?**

Individuals and businesses choose the holidays to “give back” to their community. It is incumbent upon the giver to be cautious and know where their money is going and how it will be spent.

The Non-profit Showcase is an opportunity for non-profit organizations in the North Clackamas County region to display how their services, through donations, impact the community and the many needs that remain unmet.
