

Membership: Features, Advantages, Benefits

Your Chamber Membership is an investment in your community and your business. Your North Clackamas Chamber of Commerce offers access to you that targets business growth, elevation of corporate profile, employee-employer relations and connects business with federal, state, regional and local policy makers and business leaders.

The Greatest Benefit to You, and other business like yours, is that through Your Chamber you help ensure a successful climate in which to do business, whether your clients are local or global. Through the quality of life we help foster; employees live here, business suppliers locate here, and public policy makers address business needs. These benefits are a result of Your Chamber Membership, and that keeps Clackamas County viable. The public relations value of your corporate citizenship through Chamber membership is invaluable.
